Below is a list of the materials required for each level. The number in parentheses next to some titles is the item number designated by the company listed in the Suggested Place for Purchase column. We have included the ISBN number (the thirteen digit number beginning with 978) when possible. If you choose to purchase your materials from another source, please make sure that you are ordering the same item we are requiring. <sup>1</sup> The NASB and NKJV are formal, word-for-word translations of the Bible. The NIV is a balance between word-for-word and thought-for-thought translations. Any of these versions are excellent choices for Biblical Studies. Paraphrase versions or thought-for-thought only versions, such as NLT or *The Message Bible* are great resources for meditation and for increasing basic Biblical comprehension but should not be used for class-related work. A study Bible such as the *NIV Life Application Bible* would be extremely helpful for this course.
